### FREE MEDICAL BOOKS.

An Illustrated Book on Health, Disease, and Family Medicine.

A recently published book, packed full of valuable information for the masses, will be sent free for a time by The Peruna Drug Manufacturing Company of Columbus, Ohio. This book contains numerous physiological and anatomic illustrations, conveying accurate and useful instruction. The book covers the whole list of diseases to which the human family is liable, and gives the treatment for each one. It is written in plain and chaste language, expressly for family use. It contains no reading or illustrations of an objectionable character. The author of the book is Dr. Hartman, whose long and extensive experience has enabled him to speak with authority on all medical subjects. This book should be in every family.

Another book by the same author, entitled Woman's Handbook of Female Diseases, will be sent for a short time to ladies only. This book can not fail to be of priceless benefit to the afflicted women. It has led to the cure of thousands of suffering women. Those preferring Dr. Hartman's personal advice should write, giving age, symptoms and duration of disease. Answer free.

Everybody takes Peruna for chronic malaria and all forms of nervous prostration and fall biliousness. It is the greatest of tonics and invigorators.

FOR SALE—Jersey cow and calf at 534 East B, or call on A. H. Robinson dentist, corner Main and Sherman streets.

### Time to Register.

City populists will see whether they are properly registered. If you voted at the spring election and have not moved out of the ward you are all right. The safest plan is to go to the city clerk's office over Willett's furniture store and see. The books close October 25th.

### Fine Photographs.

Stroud the artist, has secured one of the finest workmen from the east and he is prepared to make the best work in all the latest styles. Mr. Gardner has charge of one of the leading galleries in Chicago and did flash light work at the World's fair.

### Teachers' Reading Circle.

The teachers of Pretty Prairie and vicinity met at Pretty Prairie on September 30, and organized a teachers' reading circle and a township association with A. H. McMahon, president.

The reading circle meets every Tuesday night and all teachers and advanced pupils desiring to take the work as outlined by the State Reading Circle board may become members.

The association meets once a month. The next meeting is to be held Thursday evening Oct. 17th. A good program has been prepared and all are invited come and be entertained.

Rudyard Kipling makes his last appearance as a teller of Jungle Stories in The Cosmopolitan for October. "Mowgli Leaves the Jungle Forever," and the curtain is drawn over one of the most charming conceits in literature. In the same number in which Mowgli makes his final adieu, appears for the first time before an American audience, the now famous Richard Le Gallienne in a plea for religion under the title of "The Greenness of Man." A very important paper on "State Universities" is contributed to this number by Professor Ely. And among the story-tellers are Hopkinson Smith and Boyesen. No more beautiful work has ever appeared in any magazine than the marvelous illustrations of Gabriely used as frontispieces and accompanying the prose poem by Mrs. Carver. Drake—who is said to be Kipling's favorite artist for his Jungle Stories—Carter Beard, Osterlind, Denman, and Kemble, are among those who contribute a wealth of illustration to this number. The Cosmopolitan announces that it will begin the publication in January of The Agriculturist's Illustrated Magazine, to be fully the equal of The Cosmopolitan, but containing from sixteen to twenty pages by the ablest agricultural writers of the world, upon subjects of more importance to the agriculturist, horticulturist, and stock-growing interests.
